STAFF QUALIFICATIONS AND TRAINING

CA staff have been selected for their academic qualifications, training and professional experience directly related to their outdoor education hard and soft skills.

STAFF MEMBERS ARE QUALIFIED OUTDOOR EDUCATION TEACHERS/LEADERS WITH CERTIFICATION IN THE FOLLOWING AREAS:

Group initiatives, teambuilding and facilitation	Wilderness First Aid
Risk assessment and risk management	Community service initiatives
Technical Adventure Training	Environmental education

Our leaders each have a minimum of two years of experience working on adventure-based outings and team-building and they bring with them a wealth of knowledge and practical expertise. Their different skills sets are utilised in our programme as appropriate, and our well-rounded team directly reflects the diversity found in the camp.

OutdoorsMark provides an independent process for assessing the robustness of operational safety policies, procedures and practices for alignment with currently accepted adventure activity standards and guidelines.

BEACH FRONT MEETINGS

Organize your next meeting in a setting that will make a lasting impression!

Then planning your next corporate presentation or brainstorming day, escape the conventional confines of the office or a hotel meeting room and the continuous flow of distractions those urban venues cannot prevent.

Our facility will be exclusively yours to ensure the maximum level of tranquility and focus. Our team will ensure the most suitable physical configuration to meet your needs.

The facility is air conditioned and fully equipped with wireless internet and all necessary audio-visual equipment to meet all your presentation needs.

If time permits your team can enjoy the full benefits of being on the beach by partaking in one of our sport or teambuilding programs, a banquet or just enjoy a cocktail at our beautiful beach front location.

Core Skills:	Creativity, effective communication, consensus building, visualisation				

CORPORATE SOCIAL RESPONSIBILITY

CSR refers to operating a company in a manner that accounts for the social and environment impact created by business. We work on community service projects linking and serving NGOs to provide volunteer opportunities in Hong Kong.

FOOD WASTE MANAGEMENT COMPOST GARDENING

Each team is given the materials needed to construct a garden bed. The gardening beds are built within the campsite to be used for lessons pertaining to gardening, sustainability and ecology. We will provide a workshop how to divert food waste into compost using the bakashi system and visit a local village farm and learning how to cook from farm to fork.

Intensity:	Low	Duration:	1.5 hrs	Max Pax:	50
Core Skills:	Communication, personal discipline, empathy				

BEACH CLEANUP

The Corporate Adventures facilitator begins the session with an introduction on why there is a need for a clean-up, along with some interesting facts and figures about ocean pollution. The facilitator will instruct how to log the trash on the data card. Collectively the trash will be weighed and cards will be collected in order to submit to the International Coastal Clean-up Hong Kong.
